Operating Engineers Local 101

Missouri & Kansas

A growing influential organization with members throughout the western half of Missouri and the State of Kansas.

UNION REPRESENTATION

Employees in Missouri and Kansas who are not protected by a collective bargaining agreement (Union) are at-will employees, which means they can be terminated at any time and for nearly any reason. Our Union members receive a fair wage negotiated by Local 101 and is voted on for approval by the members. Becoming a member of the Union you will gain rights under the law that you do not have as an individual.

HEALTH & WELLNESS LOCAL 101 CLINIC

The Union Health and Wellness Clinic offers health care services to eligible members, their spouses/domestic partners, and eligible dependents (age 2 and up). There is no cost to you and your family to utilize The Union Health and Wellness Clinic.

WAGES

Union Operators at Local 101 make a current scale between $37.50 and $53.59 per hour. We receive a negotiated rate increase annually. Why leave the decision of your yearly wage increase up to a company that is looking for every measurable way to keep cost down?

HEALTH INSURANCE

Under the master agreements, Local 101 strives to attain health insurance for your entire family, 100% covered by the employer contributions. $400 deductible per person.

RETIREMENT/PENSION

Is your current retirement plan sufficient to last you through your retirement years? Under our master agreements, the retirement is paid fully by the contractor. Since the inception of Local 101's Pension Fund, it has remained at one of the highest ratings possible. As an Operating Engineer, you deserve nothing less than the best, including a dignified retirement plan.

TRAINING

Continue to expand your skills at Local 101 training facilities in Weston and Bolivar, Missouri. The Weston facility has a newly built 45,000 sq. ft. indoor digging arena to use on rain days to help expand your skills. Both sites are equipped with all dirt equipment, cranes, and technology necessary to stay up to speed in a rapidly growing industry. As a member of Local 101, you can attend classes at the IUOE International Training Facility in Crosby, Texas. For approved training there is no out-of-pocket costs including travel to and from.
